The review will include:

- (e) induction and continuing professional development programs for directors; and
- (f) board succession planning generally.

The Nomination Committee will oversee the performance evaluation of the executive team. This evaluation is based on specific criteria, including the business performance of the Company, whether strategic objectives are being achieved and the development of management and personnel.

Other factors that will be considered include:

- (b) the nature of information provided to the Board by management;
- (c) management's performance in assisting the Board to meet its objectives; and
- (d) ensuring there are plans in place to manage succession of the Managing Director/CEO and others on the executive team.

The Company will disclose whether a performance evaluation was undertaken in each reporting period in accordance with the process outlined above.

The Company has a Remuneration Committee. As part of any performance evaluation, the Remuneration Committee will review the entity's remuneration framework for directors (including the directors' aggregate fee pool) and the executive team, in particular the equity-based remuneration plans for senior executives and other employees.
